

RISHI MITTAL

Software Engineer | MERN Developer & React Native Developer

+91 6202997733 rishimittalworks@gmail.com BOKARO, JHARKHAND <https://github.com/ImrishiMittal>

SUMMARY

Full-stack MERN developer with experience building scalable, responsive, and user-centric web applications using JavaScript, React.js, Node.js, Express.js, and MongoDB. Strong foundation in Data Structures & Algorithms with a focus on writing clean, efficient, and maintainable code. Currently expanding into React Native for cross-platform mobile development while strengthening Python and Machine Learning fundamentals. Passionate about building real-world products, solving complex problems, and continuously learning modern technologies to deliver impactful software solutions.

EXPERIENCE

Software Engineering Intern

GAO TEK

05/2024 - 08/2024

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript to enhance user experience and functionality.
- Collaborated with a global team in an Agile environment, participating in daily stand-ups and weekly sprints to meet project deadlines.
- Led a small team as Assistant Squad Leader, managing task assignments and ensuring consistent progress on deliverables.
- Worked with SEO principles to improve website visibility and performance.
- Contributed to internal tools and dashboards, ensuring cross-browser compatibility and responsive design across devices.

Software Engineering Intern

GLORA VITA

07/2024 - 08/2024

- Designed and implemented visually appealing front-end components using HTML, CSS, and Bootstrap.
- Assisted in improving the responsiveness and mobile optimization of the company's website.
- Collaborated with senior developers to debug and enhance website functionality.
- Gained hands-on experience in real-time code deployment and version control using Git.
- Strengthened understanding of UI/UX principles while working on user-facing features.

EDUCATION

Bachelor of Technology in Information Technology

Manipal University Jaipur

2022 - 2026 Jaipur

Class 12th (Grade - 70%)

Mar Gregorius Memorial Senior Secondary School

2022 Bokaro

Class 10th (Grade - 80%)

D.A.V. Public School

2020 Bokaro

SKILLS

HTML **CSS** **JAVA SCRIPT** **REACT JS** **REACT NATIVE**
NODE JS **EXPRESS JS** **MONGO DB** **TAILWIND** **SQL**
BOOTSTRAP **JAVA** **PYTHON** **GIT HUB** **GIT**

PROJECTS

• CRICSCORERS

02/2026 - 05/2026 <https://cricscorers.in/>

Built CricScorers, a full-stack cricket scoring and analytics platform supporting T20, ODI, and Test formats. Features include ball-by-ball scoring, Test match logic, JWT authentication, REST APIs, MongoDB storage, player statistics, match history, undo functionality, PDF scorecards, and responsive deployment.

• TOUR GUIDE

05/2024 - 12/2024

<https://bharatexploration.netlify.app>
Developed a responsive and interactive web application using HTML, CSS, and JavaScript to present the cultural diversity of Indian states through their festivals and traditions. Emphasized clean UI, intuitive navigation, and structured content delivery for enhanced user engagement.

• TRAFFIC SIGN RECOGNITION USING YOLOv8

01/2025 - 04/2025

Implemented a deep learning-based traffic sign detection system using YOLOv8. Trained the model on annotated datasets to accurately detect and classify traffic signs in real time. Focused on data preprocessing, model optimization, and performance evaluation to ensure high accuracy and speed for potential autonomous driving applications

CERTIFICATIONS

Web Developer Workshop
